## Intimations.

## WEST-POINT RICE MILLS.

THIS Establishment is now ready to receive orders for Rice to be stored and the firm is prepared to receive land, store, clean and ship Rice in any quantities. A new large and very powerful boiler has been especially imported for the Mills, and large costly additions have been made to the Machinery which is now in full and perfect working order. The improvements which have been effected enabling the undersigned to guarantee the delivery of Rice in a superior lot to be equalled either by any other Mills in the East, or by the famous hand-labour of the Chinese. The Mills can clean and turn out five hundred tons of Rice in the working day and if power is required it is available. The Rice is of the best quality and is large, dry, and is suitable for export at low rates. The pier has sufficient water still of the tide to load the largest cargo boats to the wharf and allow of discharge.

Terms can be ascertained on application to the undersigned at the Mills where orders will be received. Persons unable to attend at the Mills will be waited on in their offices, and all orders carefully and promptly executed.
